World Alzheimer's Day on Sept. 21st

World Alzheimer's Day is commemorated every year on September 21st when people from around the world come together to focus on raising awareness and the reality of life with dementia. The theme for 2008 is 'No time to lose!' with a focus on carers by emphasising and

celebrating the contribution they make to society and giving them the recognition they deserve!

Alzheimer's Disease International (ADI) is the international federation of 77 Alzheimer associations around the world. Each member is the national Alzheimer association in their country who support people with dementia and their families. ADI coordinates World Alzheimer's Day and its mission is to improve the quality of life of people with dementia and their families throughout the world. Its president is Princess Yasmin Aga Khan, daughter of Rita Hayworth who had Alzheimer's disease.

Alzheimer's disease and related dementias - Champlain Region Priorities

It's time to act -

Ontario's dementia imperative

The Alzheimer Societies in the Champlain Region (Eastern Counties, Ottawa and Renfrew County) and the Champlain Dementia Network work together in bringing awareness and support of our region's dementia priorities and issues to various levels of government, planning agencies and service providers.
